

## 12ZG10X8CT

### SPECIFICATIONS

|                |      | 12ZG10X8CT    |
|----------------|------|---------------|
| Imager Size    |      | 1/2           |
| Mount Type     |      | C             |
| Focal Length   |      | 8 - 80mm      |
| Aperture Range |      | 1.8 - 360     |
|                | Wide | 44.1° x 33.2° |

|   |                |                     |                       |
|---|----------------|---------------------|-----------------------|
| Angle of View<br>(Horizontal x Vertical)          | 1/2            | Tele                | 4.6° x 3.5°           |
|   |                | 1/3                 | Wide                  |
|   | Tele           |                     | 3.5° x 2.6°           |
|   | 1/4            | Wide                | 24.9° x 18.7°         |
|   |                | Tele                | 2.6° x 1.9°           |
|   | Focusing Range |                     |                       |
| Operation   | Focus          | Motorized           |                       |
|   | Zoom           | Motorized           |                       |
|   | Iris           | Auto Iris(DC)       |                       |
| Filter Size                                       |                |                     | M52 P=0.75mm          |
| Back Focus(in air)                                |                |                     | 14.01mm               |
| Input Voltage(Maximun Electric Power Consumption) | Focus          | DC 6V or 12V (47mA) |                       |
|   | Zoom           | DC 6V or 12V (47mA) |                       |
| Operating Voltage                                 |                |                     | Open 4.0V<br>Close 0V |
| Weight  |                |                     | 380g                  |
| Operating Temperature                             |                |                     | -5°C - +50°C          |
| Wiring Disgram                                    |                |                     |                       |
